

Who We Are

Herber Aircraft is a value-added distributor of Eaton fluid conveyance products, Parker LORD shock/CAAC vibration mounts, and a certified FAA/EASA repair station and manufacturer of engine harnesses and hose assemblies for both the Commercial and Defense Aerospace markets.

Herber was founded more than 45 years ago, and since then has built one of the aerospace industry's most extensive inventories of Eaton aircraft parts. Additionally, we have significantly expanded our production facilities for hoses and harnesses to accommodate the growing demands of the aerospace sector.

Our Competitive Edge

Herber maintains a competitive advantage in the aerospace OEM and aftermarket parts industries through unwavering commitment to customer service excellence and comprehensive technical support.

Our commitment to product support is characterized by our exclusive partnerships with a select group of manufacturers. This deliberate choice allows us to concentrate our efforts on customer solutions adding value to the products we deliver.

Excellence in Quality Control

Herber Aircraft Service, Inc. has implemented a robust quality management system to demonstrate its capability to consistently provide products that meet both customer expectations and relevant regulatory requirements.

We are dedicated to superior customer satisfaction through continuous improvement initiatives ensuring the delivery of the highest-quality products.

Certifications

- AS9100 with ISO 9001:2015
- NADCAP
- FAA-Approved Part 145 Repair Station
- EASA
- CAAC

Herber AeroStore Digital Marketplace

Herber's AeroStore offers quick, secure, real-time access to RFQs and order placement with all the same support and service from your Inside Sales Representative.

- Instantly connect to product information to help you in the decision-making process
- Immediately view pricing on millions of in-stock items
- Enhanced part number search

HIGH PERFORMANCE

Manufacturing, Distribution & Repair

- Aircraft Hoses & Harnesses
- OEM & Aftermarket Parts

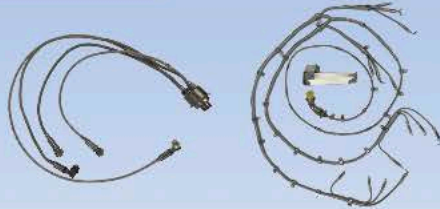

Providing Superior Customer Service
and Technical Support to Commercial,
Space and Defense Aerospace Markets

Herber Aircraft

In-House Manufacturing for Wire Harnesses

Herber Wire Harnesses

With more than 45 years of experience, Herber Aircraft Service is a recognized authority in wire harness repairs.

BENEFITS

- Rapid turnaround time
- FAA-approved to manufacture and overhaul the harnesses of most commercial aircraft engine manufacturers
- Replacement parts comparable or better than OEM
- Most Herber FAA-PMA harnesses in stock

CAPABILITIES

- P&W - PW2000, PW4000, JT3, JT8, JT9, JT12
- GE - CF6-80A, CF6-80C2, CF6-80E1, GE90, CF34, GEnx
- IAE - V2500
- Rolls Royce - RB211-535
- CFMI - CFM56, LEAP-1A, -1B

Aviation Component Services (ACS)*

ACS manufactures high-quality spare parts across all sectors of the aviation industry. Products include EGT harnesses, static seals, high temperature air tubes, acoustic attenuators and other structural parts and engine components.

*Subsidiary of Herber Aircraft Service

Providing High-Performance
Hose Assemblies and Hydraulic
Fittings for Aerospace and
Industrial Applications

Eaton Fluid & Electrical Distribution

Herber has the largest inventory of hose assemblies (PMA, TSO), bulk hose, hydraulic fittings, firesleeves, chafe guards, Rynglok tube repair, swage tooling and fittings, seals, quick disconnects, couplings, clamps and flanges, plus other connectors and hydraulic parts.

Glenolden Helicopter

The Eaton commercial helicopter components offered by Herber include sight gauges and plugs, gaskets, debris monitors, chip detectors and zappers. These parts are compatible with Bell, Sikorsky, Agusta Westland, Eurocopter and Airbus Helicopters.

Eaton Hose Shop Equipment

Eaton offers the highest-quality hose shop equipment including crimping machines, hose saws, assembly machines, proof pressure stands and various other tools and accessories.

Eaton Legacy Products

Eaton supports and manufactures former legacy brands including Aeroquip, Glenolden, Tedeco, Sierracin-Harrison, Rynglok, Marman, Gamah, Stanley Aurora and K-Seals.

Applications

- Commercial & Business Aviation
- Helicopters
- Military
- Space
- General Aviation
- Industrial
- UAV

Vibration, Shock and Motion Control
Products for Sensitive Equipment,
Aircraft Interiors and Shipping
Containers

Sensitive Equipment - General Aviation Mounts

LORD aerospace equipment vibration isolators set the standard for compact, high-load, high-capacity vibration isolation mounts. LORD vibration isolators are designed to support and protect avionics equipment in all types of aircraft and defense systems.

- Engine Mounts
- Avionic Equipment Mounts
- Shimmy Dampers
- Pedestal Mounts
- Shock & Vibration Control Products
- Shipping Container Mounts

Hose & Harness Repair Station

Herber is an FAA/EASA/CAAC Certified Repair Station where personnel are trained, certified and licensed to repair and certify hose assemblies, EGT harnesses, lead assemblies and electrical harnesses. Our services also include wire harness braiding and testing.

- 24 hour AOG service
- Eaton-approved for aerospace hoses
- Rapid turnaround time
- Superior service life ensures longer repair/replacement intervals
